The study of economic history is truly the study of human survival. In a general sense, economic history concerns itself with the ways that mankind has structured the environment in order to provide food, shelter, and clothing.

World Economics: A Historical Perspective

Although principles of domesticity were being taught as early as the mid 19th century, the term "home economics" was not applied to this area of study until the early 20th century. An increasingly literate population and the greater availability of printed materials in the 19th century catalyzed the consumption of literature on homemaking.

History of Home Economics | Home Economics and Household ...

The History of Economics Society was formally established and held its first official annual meeting in May 1974 at the University of North Carolina at Chapel Hill (after a 1973 exploratory meeting in Chicago). At that time the group was a very small one, but it established as its purposes:

About the Society - The History of Economics Society

The introduction to The Penguin History of Economics raises two issues about the subject which are useful to remember in the subsequent read. The first is that there is no universally accepted definition of the subject and the second is that any contributor to the history of economics will pick and choose which works and writers are important.
