I got a similar alarm on my 05-R12RT yesterday morning. Had no idea what it meant, and couldn't find it in the owner's manual. Rode home with no problems. According to the service manual, I need to replace two 3-volt batteries in the alarm module on the bike. Battery Type CR123A. I'm sure the dealer has them at a reasonable cost . Or Wal-Mart.

Got the DWA warning on my instrument display. Checked owners manual. Told me that my alarm system batteries were depleted. No idea where they are located. Searched this forum, found the answer, located batteries, removed them. New batteries on order. Problem solved. Saved me phone calls and a trip to the dealer. I love this forum! :clap:

Alarm Unit Battery Replacement DWA warning | BMW K1200 ...

A key product to help in obtaining an insurance quote is purchasing a tracker, and in some cases it is essential. A factory fit immobiliser is required for bikes over £10,000 and comes as standard on BMW Motorrad bikes. You should remember to reference this when completing the Security Information as part of your BMW Motorrad Insurance quote.

Keeping your bike safe and your ... - bmw-motorrad.co.uk

Hello all. I just purchased my first bmw bike (07 R1200RT) last week. It came with the factory DWA system, but the unit's internal batteries are dead. I was wondering: 1) Are any CR123a batteries fine to use, or is there a specific recommended brand? I was going to use some SureFire batteries I have lying around.
