Purchasing Guidelines Based on Threshold. The threshold amounts refer to the total cost of the purchase. For example, purchasing three \$900 laptops is considered to be a \$2,700 purchase, not three separate items. A \$90,000 equipment purchase with a \$5,000 delivery/set-up fee and \$8,000 in ancillary parts constitutes a purchase over \$100,000.

Capital vs. Non-Capital Items: Budgeting and Planning.  
Businesses usually purchase capital equipment through capital expenditures (CAPEX) with funds from the firm's capital budget. Note especially that the CAPEX budget is separate and distinct from the firm's budget for non-capital expenses—the operating budget (OPEX budget).
