Looking Askance Skepticism And American

A lively exploration of the relationship between modern art, truth, and deception, Looking Askance offers a new paradigm for understanding American visual culture, from the art of Thomas Eakins, William Harnett, and Marcel Duchamp to such fascinating historical episodes as the trial of spirit photographer William Mumler, scientist Helen Abbott's interpretation of Monet's Impressionism, the myriad illusions featured at the Buffalo World's Fair of 1901, and William James's analysis of ...

Looking Askance: Skepticism and American Art from Eakins to Duchamp. by Michael Leja. 3.69 · Rating details · 16 ratings · 1 review. If seeing ever really was a reason for believing, it surely was not in New York around 1900. The rift between appearances and truth was widening: deceptive images flourished in advertising and mass media; science contradicted unaided vision; the spirit world gained credibility; and hucksters, frauds, and hoaxes proliferated.

MICHAEL LEJA Looking Askance: Skepticism and American Art from Eakins to Duchamp Berkeley: University of California Press, 2004. 300 pp.; 24 color ills.; 84 b/w. \$49.95. Looking Askance is an important contribution to American art studies in two ways. First, Michael Leja's book shows how a variety of artists structured their work around the practice of deception so dominant between 1869 and 1918.

"Adjusting to modern life in New York circa 1900 meant learning to see skeptically. To function successfully, even to survive, every inhabitant of the modern city, every target of competitive marketing, every participant in the new mass culture, every beneficiary of modern science and technology, every believer in spiritual realms had to process visual experiences with some measure of ...

look askance. View with mistrust, as in They looked askance at him when he said he'd just made a million in the stock market. The precise feeling conveyed by this expression has varied since it was first used in the 1500s, from envy to contempt to suspicion, although the literal meaning was "look obliquely, with a side glance.". The present sense dates from about 1800.
